Chapter 1 Introduction	1		
History of Research 1811–1969	2		
Chapter 2 Stoer Group	5		
Stratigraphy	5		
Basement topography, drainage & weathering	5		
Facies and environments	6		
The Stac Fada sequence	9		
Geochemistry	11		
Palaeomagnetism	18		
Palaeoclimate	18		
Basin analysis	19		
Age and correlation	21		
Chapter 3 Sleat Group	23		
Stratigraphy	23		
Facies and environments	23		
Geochemistry	24		
Weathering and palaeoclimate	27		
Basin analysis	27		
Age and correlation	27		
Chapter 4 Torridon Group	29		
Stratigraphy	29		
Basement topography and drainage	29		
Unconformity weathering	31		
Facies and environments	32		
Geochemistry and mineralogy	35		
The nature and location of the source rocks	39		
Palaeomagnetism	42		
Weathering and palaeoclimate	43		
Basin analysis	43		
Age and correlation	45		
		Chapter 5 Overview	47
		Depositional style	47
		Burial history	47
		Palaeomagnetism and palaeogeography	49
		Chapter 6 Directory	53
		Cape Wrath	53
		Handa	54
		Ben Dreavie	54
		Quinag	55
		Rubha Stoer	56
		Stoer, Clachtoll and Clashnessie	57
		Enard Bay	71
		Loch Veyatie to Canisp and Suilven	73
		Inverpolly Forest	74
		Isle Ristol to Badentarbat and the Summer Isles	75
		Achiltibuie	76
		Cailleach Head	78
		Scoraig	81
		Stattic Point	84
		Gruinard Bay	86
		Aultbea and Rubha Mór	87
		Poolewe	89
		Bac an Leth-choin	92
		Rubha Réidh	93
		Gairloch	93
		Diabaig	96
		Alligin to Liathach	101
		Upper Loch Torridon (south side)	102
		Applecross	104
		Raasay and Fladday	106
		Scalpay, Longay and adjacent parts of Skye	108
		The Sleat of Skye	109
		Camusunary	113
		Soay	113
		Rum (Rhum)	114
		Canna, Eigg and Hawks Bank	116
		Iona	116
		Bowmore	116
