

**Scottish Journal of Geology**  
**Volume 32, Part 2**  
**Pages 97–192, 1996**

CONTENTS

BENNET, M. R. Landform-sediment distributions within the northern part of the Younger Dryas Highland ice-field, Scotland .....	97
DAHL, S.-O., BALLANTYNE, C. K., McCARROLL, D. and NESJE, A. Maximum altitude of Devensian glaciation on the Isle of Skye ..	107
BELL, B. E., WILLIAMS, I. T., HEAD, F. E. and JOLLEY, D. W. On the origin of a reddened interflow bed within the Palaeocene lava field of north Skye .....	117
VAN PANHUYS-SIGLER, M., TREWIN, N. H. and STILL, J. Roscoelite associated with reduction spots in Devonian red beds, Gamrie Bay, Banffshire .....	127
OWEN, A. W., HARPER, D. A. T. and CLARKSON, E. N. K. The trilobites and brachiopods of the Wrae Limestone, an Ordovician limestone conglomerate in the Southern Uplands .....	133
FLINN, D. The Shetland Ophiolite Complex: field evidence for the intrusive emplacement of the 'cumulate' layers .....	151
GOODMAN, S. and LAPPIN, M. A. The thermal aureole of the Lochnagar Complex: mineral reactions and implications from thermal modelling .....	159
DEMPSTER, T. J. and JACKSON, R. A. Na-biotite in Dalradian pelitic schists, Angus .....	173
IKEDA, T. Structural analysis of the Dalradian rocks of the Loch Leven area, Inverness-shire .....	179
BOOK REVIEWS .....	185
INDEX .....	191
AUTHOR .....	191
SUBJECT .....	191
