KEAR, B. P., LINDGREN, J., HURUM, J. H., MILÀN, J. & VAJDA, V. An introduction to the Mesozoic biotas of Scandinavia and its Arctic territories	1
EBBESTAD, J. O. R. Carl Wiman and the foundation of Mesozoic vertebrate palaeontology in Sweden	15
CLEMMENSEN, L. B., MILÀN, J., ADOLFSSSEN, J. S., ESTRUP, E. J., FROBØSE, N., KLEIN, N., MATEUS, O. & WINGS, O. The vertebrate-bearing Late Triassic Fleming Fjord Formation of central East Greenland revisited: stratigraphy, palaeoclimate and new palaeontological data	31
HANSEN, B. B., MILÀN, J., CLEMMENSEN, L. B., ADOLFSSSEN, J. S., ESTRUP, E. J., KLEIN, N., MATEUS, O. & WINGS, O. Coprolites from the Late Triassic Kap Stewart Formation, Jameson Land, East Greenland: morphology, classification and prey inclusions	49
KLEIN, H., MILÀN, J., CLEMMENSEN, L. B., FROBØSE, N., MATEUS, O., KLEIN, N., ADOLFSSSEN, J. S., ESTRUP, E. J. & WINGS, O. Archosaur footprints (cf. <i>Brachychirotherium</i> ) with unusual morphology from the Upper Triassic Fleming Fjord Formation (Norian–Rhaetian) of East Greenland	71
McLOUGHLIN, S. & STRULLU-DERRIEN, C. Biota and palaeoenvironment of a high middle-latitude Late Triassic peat-forming ecosystem from Hopen, Svalbard archipelago	87
KEAR, B. P., POROPAT, S. F. & BAZZI, M. Late Triassic capitosaurian remains from Svalbard and the palaeobiogeographical context of Scandinavian Arctic temnospondyls	113
VAJDA, V., LINDERSON, H. & McLOUGHLIN, S. Disrupted vegetation as a response to Jurassic volcanism in southern Sweden	127
SACHS, S., HORNUNG, J. J., LIERL, H.-J. & KEAR, B. P. Plesiosaurian fossils from Baltic glacial erratics: evidence of Early Jurassic marine amniotes from the southwestern margin of Fennoscandia	149
DELSETT, L. L., NOVIS, L. K., ROBERTS, A. J., KOEVOOETS, M. J., HAMMER, Ø, DRUCKENMILLER, P. S. & HURUM, J. H. The Slottsmøya marine reptile <i>Lagerstätte</i> : depositional environments, taphonomy and diagenesis	165
HURUM, J. H., DRUCKENMILLER, P. S., HAMMER, Ø, NAKREM, H. A. & OLAUSSEN, S. The theropod that wasn't: an ornithomimid tracksite from the Helvetiafjellet Formation (Lower Cretaceous) of Boltodden, Svalbard	189
HALAMSKI, A. T., KVAČEK, J. & VAJDA, V. Late Cretaceous (Campanian) leaf and palynoflora from southern Skåne, Sweden	207
POROPAT, S. F., EINARSSON, E., LINDGREN, J., BAZZI, M., LAGERSTAM, C. & KEAR, B. P. Late Cretaceous dinosaurian remains from the Kristianstad Basin of southern Sweden	231
EINARSSON, E., PRASZKIER, A. & VAJDA, V. First evidence of the Cretaceous decapod crustacean <i>Protocallianassa</i> from Sweden	241
SIVÉRSSON, M., COOK, T. D., CEDERSTRÖM, P. & RYAN, H. E. Early Campanian (Late Cretaceous) squatiniform and synechodontiform selachians from the Åsen locality, Kristianstad Basin, Sweden	251
BAZZI, M., EINARSSON, E. & KEAR, B. P. Late Cretaceous (Campanian) actinopterygian fishes from the Kristianstad Basin of southern Sweden	277
SACHS, S., LINDGREN, J. & SIVÉRSSON, M. A partial plesiosaurian braincase from the Upper Cretaceous of Sweden	293
RASMUSSEN, J. A. & SHELDON, E. Late Maastrichtian foraminiferal response to sea-level change and organic flux, Central Graben area, Danish North Sea	303
Index	329
