OFTERDINGER, U., MACDONALD, A. M., COMTE, J.-C. & YOUNG, M. E. Groundwater in fractured bedrock environments: managing catchment and subsurface resources – an introduction	1
FOUCHÉ, O., YAO, TH. K., OGA, M.-S. Y. & SORO, N. Typology of hard rock ground waters within the Lower Sassandra, a main catchment in humid tropical West Africa	11
COMTE, J.-C., OFTERDINGER, U., LEGCHENKO, A., CAULFIELD, J., CASSIDY, R. & MÉZQUITA GONZÁLEZ, J. A. Catchment-scale heterogeneity of flow and storage properties in a weathered/fractured hard rock aquifer from resistivity and magnetic resonance surveys: implications for groundwater flow paths and the distribution of residence times	35
VASSEUR, G. & LACHASSAGNE, P. Evaluation of the geothermal effects caused by the weathering of crystalline rocks	59
MACDONALD, A. M. & DAVIES, J. Fractures in shale: the significance of igneous intrusions for groundwater flow	71
DICKSON, N. E. M., COMTE, J.-C., KOUSSOUBE, Y., OFTERDINGER, U. S. & VOUILLAMOZ, J.-M. Analysis and numerical modelling of large-scale controls on aquifer structure and hydrogeological properties in the African basement (Benin, West Africa)	81
PARKER, B. L., CHAPMAN, S. W., GOLDSTEIN, K. J. & CHERRY, J. A. Multiple lines of field evidence to inform fracture network connectivity at a shale site contaminated with dense non-aqueous phase liquids	101
STROEBEL, D. H., THIART, C. & DE WIT, M. Towards defining a baseline status of scarce groundwater resources in anticipation of hydraulic fracturing in the Eastern Cape Karoo, South Africa: salinity, aquifer yields and groundwater levels	129
BAIOCCHI, A., LOTTI, F., PISCOPO, V. & SAMMASSIMO, V. Hard-rock aquifer response to pumping and sustainable yield of wells in some areas of Mediterranean Region	147
NEWTON, C. J. Fracture and conduit controls on groundwater movement in the Carboniferous Limestone of the eastern Mendip Hills, Somerset, England	161
KENNEL, J. R. & PARKER, B. L. Acoustic televiewer amplitude data for porosity estimation with application to porewater conversion	177
BELLE, P., LACHASSAGNE, P., MATHIEU, F., BARBET, C., BRISSET, N. & GOURRY, J.-C. Characterization and location of the laminated layer within hard rock weathering profiles from electrical resistivity tomography: implications for water well siting	187
PARKER, B. L., BAIROS, K., MALDANER, C. H., CHAPMAN, S. W., TURNER, C. M., BURNS, L. S., PLETT, J., CARTER, R. & CHERRY, J. A. Metolachlor dense non-aqueous phase liquid source conditions and plume attenuation in a dolostone water supply aquifer	207
ADEKILE, D. & CARTER, R. James Robert Temple Hazell: A Pioneer of African Hydrogeology	237
