

INDEX

- Aberdeen, Kettle-holes in and near, 23
 — Occurrences of Old Red Sandstone in and near, 117
 — District, Exhibition of a Glaciation Map of the, 117
 Aberdeenshire, A Diopside-bearing Pegmatite near Ellon, 353
 — Norwegian Boulders from, 230
 — The Contaminated Magmas of, 268
 — Vascular Plants of the Chert Band, Rhynie, 257
 Acid Potassium Sulphate as a Petrochemical Test and Solvent, 119
 ALLAN, D. A., British Association Excursions, Liverpool, 407
 — ROBERT, Notes on the Lochend Sill, 117
 ALLEN, S., 321, 326
 Ammonites, A Boulder containing, from Dunbeath, Caithness, 1
 Analyses, Basalt from The Leithies, North Berwick, 301
 — Brewing-water from Craiglockhart, 272
 — — Duddingston, 272
 — Dolerite and Hornfels of Auchinoon, 128
 — "Edmondia Shale," 386
 — Granitic Intrusions in S.E. Scotland, 364
 — Houston Marl, 327, 331-335
 — Natural Mineral Oils, 324, 325
 — Volcanic ashes at Gullane, 190
 ANDERSON, D., Glacial Drainage Phenomena near Edinburgh, 264
 — — Retreat of Ice Sheet, S.E. of Edinburgh, 256
 Anglesa Map and Memoir, Note on, 262
 Apples, Coal, 58
 Auchinoon, Analyses of Dolerite and Hornfels at, 128
 — Marginal Intrusive Phenomena at, 50
Aviculopecten, 369
 Ayrshire Bauxitic Clay, The, 255
 — Volcanic Necks in N.W., 110
 BAILEY, E. B., and J. MATHIESON, Glacial Strand-lines of Loch Tulla, 193
 — — Geology of Mull, 269
 — — Obituary Notice of Dr C. T. Clough, 236
 — — Recent advances in Highland Geology, 261
 — — Volcanic Vent Parasitic on St Leonard's Sill, 223
 — — 267, 309, 385
 BAILEY, E. M., 320, 323, 326
 Balerno, Ravelrig and Kaimies Quarries, 14, 16, 17
 BALFOUR, Sir ISAAC BAYLEY, Obituary Notice of, 392
 BALSILLIE, D., Geology of Kinkell Ness, Fife, 111
 — — The Glossopteris Flora, 114
 — — The Geology of the Largo District, 408
 — — Volcanic Vents near St Andrews, 69
 — — — in East Fife, New, 81
 — — — 276, 365, 366, 374
 Banffshire, Norwegian Boulders from, 230
 Barytes, Exhibition of Scottish, 107
 Basalt, Analyses of, from the Leithies, North Berwick, 301
 — Giral Craig, 223
 — Laccolite in the Bo'ness Coalfield, 214
 — Veining and Metasomatism in, 6
 BATHER, Dr, 275, 278, 279, 280, 287
 Bauxitic Clay, The Ayrshire, 255
 BEGG, JAMES, 279
 BELL, D., 308
 BERNARD, Messrs T. & J., Ltd., 271, 272
 Birrenswark Volcanic Group, 88, 89
 Bituminous Sands of N. Alberta, Canada, 250
 Blue Cairn, Dry Channel at, 310
 Bo'ness Coalfield, A Basalt Laccolite in the, 214
 Borehole in the Grange District, Edinburgh, 18
 BOWIE, J. D., 131
Brachyrhinodon, 13
 Breich Pit, West Calder, 319
 BREMNER, A., Glacial and Post-glacial Geology of the Dee Valley, 259
 — — Low-level Kettle-holes in and near Aberdeen, 23
 — — Glacial Geology of the Stonehaven District, 25
 — — Limits of Valley Glaciation in the Basin of the Dee, 61
 — — Norwegian Boulder from Aberdeen, 230
 British Association Excursions, Liverpool, 407
 Broad Law Granitic Intrusion, 361
 Bushveld Igneous Complex of the Transvaal, 401
 CADELL, H. M., a Basalt Laccolite in the Bo'ness Coalfield, 214

- CADELL, H. M., Exhibition of Sketches of Spitzbergen, 263
 ——— Peat and its Utilisation, 246
 ——— The Edge of a Carboniferous Volcano, 267
 ——— 274, 327, 404
 Caithness, A Boulder containing Ammonites, from Dunbeath, 1
 Calcareous Sandstone Series, Edinburgh, Bore in, 18
 Calmy Limestone at Culross, 386
 CAMPBELL, R., Green Rocks of the Highland Border Series in Forfarshire and Kincardineshire, 109
 ——— Norwegian Boulder from Aberdeenshire, 230
 ——— Obituary Notice of Prof. James Geikie, 232
 ——— Pot-holes of Old Red Sandstone Age, 400
 ——— Recent Contributions to the Geology of Spitzbergen, 263
 ——— Supplies in Scotland of Feldspars suitable for Industrial Purposes, 115
 ——— 105, 365, 386
 Carboniferous Volcano, the Edge of a, 267
 Carlops, Dry Valley of Windy Gowl, 266
 CARRUTHERS, R. G., 59, 389
 CHAMBERS, R., 193
 Clava, Morayshire, Manganese at, 135
 CLOUGH, C. T., 58, 79, 105
 ——— Obituary Notice of, 236
 Coal Apples, 58
 ——— Sinclair's Short History of, 105
 Coastal Changes, Some Obscure Factors in, 106
 Cockburnlaw Granitic Intrusion, 357
 CONACHER, H. R. J., Some Occurrences of Natural Mineral Oil in the Scottish Shale Fields, 319
 Cone-in-cone Structure, 368
 Contact Metamorphism in Strathbogie, 400
 Contaminated Magmas of Aberdeenshire, 268
 Correlation of Chemistry and Geology, 409
 Corstorphine, the Draining of the Old Loch at, 54
 Craigduff, Shell Limestone at, 369, 370
 ——— Syncline, 368
 ——— Vents at, 367, 380
 Craiglockhart, Bore for Brewing-Water at, 271
 CRAMPTON, C. B., 166
 Crinoids in the Carboniferous Limestones of Scotland, 275
 Culross, Calmy Limestone at, 386
 Dalroy, Morayshire, Manganese at, 135
Dasygnathus, 13
 DAY, T. CUTHBERT, A New Volcanic Vent and other New Geological Features on the Shore, Weak Law, near Gullane, 185
 DAY, T. CUTHBERT, Chemical Analyses of Dolerite and Hornfels of Auchinoon, 128
 ——— Igneous Intrusive Phenomena at Upper Whitfield, near Macbiehill; and at Ravelrig and Kaimes Hill Quarries, Balerno, 14
 ——— Marginal Intrusive Phenomena near Linlithgow, and at Auchinoon, 50
 ——— Note on the Dry Valley of Windy Gowl, Carlops, 266
 ——— Note on the Exposure of St Leonard's Crag, at No. 39 St Leonard's Hill, 266
 ——— Photograph and Note on River Deposit in Cave at Blackford Hill, 407
 ——— The Leithies, North Berwick, 300
 ——— Two Unrecorded Volcanic Vents on the Shore east of North Berwick, 338
 ——— Veining and Metasomatism in Basalt at Upper Whitfield, near Macbiehill, 6
 ——— 223
 Dee, Limits of the Valley Glaciation in the Basin of the, 54
 ——— Valley Drift, Distribution of the, 30
 ——— Glacial and Post-glacial Geology of the, 259
 Devon, Notes on the Former Course of the River, 106
 Diatomaceous Earth, near the East-end of Loch Leven, Kinross-shire, 3
 DINHAM, C. H., 115
 Diopside-bearing Pegmatite near Ellon in Aberdeenshire, 353
 DIXON, E. E. L., 315
 Dolerite and Hornfels of Auchinoon, Analyses of, 128
 Donmouth Sediments, Heavy Minerals of the, 162
 Draining of the Old Lochs at Gogar and Corstorphine, 54
 DRON, R. W., 389
 Dry Valley of Windy Gowl, Carlops, 266
 Dumortierite in British Rocks, 352
 Dunbeath, Caithness, A Boulder containing Ammonites from, 1
 DUNCAN, J., 3, 276
 DUNLOP, R., 276, 277, 278, 279
 Dunnet Mine, Broxburn, 319
 ECKFORD, R. J. A., and W. MANSON, Certain Glacial Phenomena in the Central Tweed Area, 308
 Edinburgh, Borehole in the Grange District, 18
 ——— Evidence of the Retreat of an Ice Sheet to the South-East of, 256
 ——— Giraln Craig Basalt, 223
 ——— Glacial Drainage Phenomena in the Neighbourhood of, 264
 ——— Volcanic Vent Parasitic on St Leonard's Sill, 223
 "Edmondia" *punctatella* in Fife, 386

- "Edmondia Shale," Analyses of, 386

CONTENTS.

—:O:—

	PAGE
I. ALEXANDER SUTHERLAND, A Boulder containing Ammonites from Dunbeath, Caithness	1
II. G. W. LEE, Note on Fossiliferous Sandstone from Dunbeath, Caithness	2
III. J. DUNCAN, On a Deposit of Diatomaceous Earth near the East End of Loch Leven, Kinross-shire	3
IV. T. CUTHBERT DAY, Veining and Metasomatism in Basalt at Upper Whitfield, near Macbiehill. (With Plates I and II)	6
V. WILLIAM TAYLOR, A New Locality for Triassic Reptiles, with Notes on the Trias found in the Parishes of Urquhart and Lhanbryde, Morayshire	11
VI. T. CUTHBERT DAY, Igneous Intrusive Phenomena at Upper Whitfield, near Macbiehill; and at Ravelrig and Kaimes Hill Quarries, Balerno. (With Plates III-VI)	14
VII. D. TAIT, On the Section in a Bore-hole in the Calciferous Sandstone Series, Upper Old Red Sandstones and Lower Old Red Sandstone Lavas in the Grange District, Edinburgh	18
VIII. ALEXANDER BREMNER, Low-level Kettle-holes in and near Aberdeen	23
IX. ALEXANDER BREMNER, The Glacial Geology of the Stonehaven District	25
X. J. S. FLETT, The Submarine Contours around the Orkneys. (With Plate VII)	42
XI. T. CUTHBERT DAY, Marginal Intrusive Phenomena near Linlithgow and at Auchinoon. (With Plate VIII)	50
XII. D. TAIT, Notes on a Section of the Wardie Shales, with Igneous Intrusions, exposed in the Stank, Corstorphine; and on the Draining of the Old Lochs at Gogar and Corstorphine. (With Plate IX)	54
XIII. J. MASTERTON, Coal Apples	58
XIV. ALEXANDER BREMNER, Limits of the Valley Glaciation in the Basin of the Dee	61
XV. D. BALSILLIE, Descriptions of some Volcanic Vents near St Andrews. (With Plate X)	69
XVI. D. BALSILLIE, Descriptions of some New Volcanic Vents in East Fife	81
XVII. RACHEL WORKMAN M'ROBERT, Igneous Rocks of Teviot and Liddisdale. (With Plates XI-XIV)	86
Record of Papers read and of Exhibits, Sessions 1915-1916, 1916-1917, and 1917-1918	104

Orders for the Society's Publications, and all other communications, should be addressed to the Honorary Secretary, Geological Society, Synod Hall Buildings, Edinburgh.

The EDINBURGH GEOLOGICAL SOCIETY was founded in 1834 ; but it did not publish Transactions till 1868. Fellows pay an Entrance Fee of 10s. 6d., and an Annual Subscription of 12s. 6d. ; or a single payment may be made for Life of £6 : 16 : 6. Life Members and Fellows who have paid Annual Subscriptions to the amount of Two Guineas may receive the Society's Diploma on payment of a fee of 7s. 6d. Candidates for election must be nominated by two Ordinary Fellows.

The Society is supported solely by the Annual Subscriptions of its Ordinary Fellows, and derives no pecuniary aid from Government.
